DETAILED ACTION

Reason For Allowance

1. Claims 1-12 and 34 are allowed.
2. Following is an examiner's statement of reasons for allowance:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claim(s), in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims 1, 4, 7 and 34, which include (claims 1) cut-out portions are removed from a central part of the block of lens material; (claims 4, 7) one pull-back mask portion adapted to link a pair of intermediate lens structure together to retard pull-back of the resulting micro-lens; (claim 34) the convex microlens having radius defined during fabrication by reducing mass from a centralized portion of the intermediate structure.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
